

Wilderness First Aid (WFA)

When:

Friday-Sunday, September 26th, 27th, 28th, 2025

Check-In: Friday between 6:00 pm and 6:45 pm. Check-

Out: Sunday 11:00am (After Graduation) Class will begin promptly at 7:00pm on September 26th.

Where:

Camp Boddie

Blounts Creek, NC

Event Details:

The focus of this course is common injury and illness recognition, treatment, management, and prevention all geared toward remote environments where definitive care from a physician and/or rapid transport is not readily available. In this class, participants will learn how to assess, treat, and, when possible, prevent medical and traumatic emergencies within the scope of their training.

Wilderness First Aid combines lectures with skills practice and role-playing to teach the response to various medical and trauma situations in locations 60 minutes or more from definitive care. Time is the essential element distinguishing wilderness first aid from standard first aid. Students will learn to prioritize care, treat injuries, improvise equipment, and create an evacuation plan.

**American
Red Cross**
